Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerful-

weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the age when it should be able to control the passage, it is yet afflicted with bed-wet-ting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a labit as most reconstructions.

the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Biss of Brass-Root, nachuding many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BAKER COUNTY WILL ASK FOR PTS REPEAL.

A. P. Smith, Member of the Legislature, Says the Law is Detrimental to the Mining Interests-Claims That Mining Companies Organize in Other States Continue to Do Business in Oregon Uninterrupted-Will Make a Bitter Fight.

A. P. Smith, member of the legislature from Baker county, has an-nounced that he will make an effort to repeal the Eddy corporation tax law, at the coming session of the leg-islature. In an interview with the Bine Mountain American, Mr. Smith

'My prinicipal work at the coming session of the legislature shall be to have the Eddy law repealed, falling in this I shall try to have it amended so as to exclude mining corporations." said A. P. Smith, representative-elect to a representative of the American during his visit here this week.

Continuing, Mr. Smith said: "Two ears' experience with the law has proven it a fallure and during this time the mineral industry of the state has suffered untold injury. If Oregon alone possessed mineral resources it might be possible to tax capital and make it pay tribute for the privilege of developing its resources, but where other states do not exact it, it is but natural that capital will go where it does not have to take the state on its payroll.

During the coming year the Lewis and Clark fair will be held, the main object of which (as I understand it) is to exhibit the wonderful resource of the state and invite capital for their development. Surely the legislators of this state must see the incon-sistency of extending this invitation and expecting capital to be taxed for Its co-operation in making Oregon one of the greatest states in the Union.

"While other industries have also suffered from the law, mining has suffered the most and the state to a large extent has suffered by the incorpora-tion of companies in other states and

transacting business just the same.
"It is claimed by the west side legislators that the law has been beneficial, but from my own experiences I know it has been injurious and the mining industry will suffer as long as it is enforced and I hope to be successful in its repeal."

When asked if he had any other bills pertaining to the mining indus-try he would introduce. Mr. Smith stated that he had enrolled one relative to explosives, which required the date of manufacture being placed on all packages or cases, so as to avoid the danger existing in the use of old

musical comedy that has retained its popularity with the playgoing public for a number of years, desplie the fierce rivalry it has encoun-tered from other efforts in a himilar vein is "Grimes' Cellar Door," which will be presented here under the management of the Perin Amusement Co. of New York, on Tuesday, December 12. by James B. Mackie, who has been the Itilly Grimes from its first performance until now, and whose name it is said, has become as much of a household word as Billy, as has Joseph Jefferson's as Rip Van Winkle. Mackie's comedy always unctious has, it is claimed, mellowed with the years, and while it has lost nothing of its much in artistic finish.

The supporting company includes the popular and noted comedienne Ore., Clara Throp, and a number of others Co., drug store. They did me and dancing numbers, as well as other id of good. My kidneys had arractive specialties.
